

Data station key

Each data station is numbered on the map above. Below you can see what the data is telling us for each numbered station, and what the unit of measure is.

Number	Type of data at data station	Unit of measure
1	Energy Consumption	kilo Watt hours (kWh)
2	Renewable Consumption	kilo Watt hours (kWh)
3	Transportation Cars	number of cars (# cars)
4	Transportation Buses	number of buses (# buses)
5	Greenery	area in acres (acres)
